

A session for young people in Years 9-12 and people who support them

The National Disability Insurance Agency would like to invite Victorian students living with disability in Years 9-12, their parents, carers and education professionals, to attend a virtual information session about building skills and paving a pathway to post-school life.

We'll discuss a range of NDIS-funded supports and other assistance to help young people build skills to prepare for their transition, and support them in achieving employment and other goals, post-school.

Information provided at this session will help you learn more about the supports for post school life. You can also ask questions about what the opportunities and supports available for participants, but we won't be discussing personal details in this public event.

This session will be delivered via video-conference using Microsoft Teams. Registrations will close three business days before the event. Two business days prior to the event, details to join the session will be sent from events@ndis.gov.au to the email address you provide at registration, so please ensure your registered email address is accurately captured to receive these details.

For any enquiries regarding this session, please contact events@ndis.gov.au and include the session name in the subject line.
