

Year 8 Creative Ideas for VIRTUAL ITALIAN WEEK -  
Monday 6 September - Friday 10 September - Good luck!

Choose one of the ten activities and post it on your Private Channel.

1. Make a collage of all your favourite pics with your family, friends and pets, showing what you do in your spare time, weekend, such as: taking up your hobbies or playing sport.
2. Video yourself participating in a leisure activity; playing sport or singing your favourite song. It can also be a karaoke clip.
3. Create a board game, similar to snakes and ladders, about your favourite weekend activities, hobbies or sport.
4. Record yourself playing a musical instrument or draw your favourite leisure activity. You could also paint it. Send it through.

5. Cook an Italian dish: spaghetti bolognese, meatballs, lasagna or tiramisu, your choice and send a picture of it.
6. Create a crossword puzzle or wordfind with 10 sports or favourite hobbies in Italian. Students find the Italian words. You can use this website: [www.puzzlemaker.com](http://www.puzzlemaker.com) to create it.
7. Create a Kahoot for your friend to play of 10 Italian words related to sport and weekend activities.
8. Create a Quizlet of 10 nouns related to leisure activities.
9. Create an Italian advertisement advertising an Italian product such as: nutella, Barilla pasta or even the Ferrari car and upload the video. Roger Federer did an advertisement on Barilla pasta for example.

10. Pretend you have gone shopping in an Italian store such as: Versace or Dolce e Gabbana and you bought seven items of clothing. Draw yourself wearing them and label the items of clothing in Italian. For example: In 2018, when Mrs. Russo was in Italy, she went to the Versace store in Milan and bought the following ten items of clothing which were on sale: cappello – hat, sciarpa – scarf, pantaloni – pants, camicetta – blouse, giacca – jacket, scarpe – shoes and guanti – gloves.

In bocca a lupo. Please submit your work once completed.

Grazie mille, Professoressa Russo
